## SUMMARY

Aspiring full-stack web developer who recently finished training through the University of Central Florida Full-Stack Web Development Coding Bootcamp. Earned Bachelor of Science in Psychology in May of 2022 at Colorado State University. Gained proficiency in marketable technologies like JavaScript, Node, and SQL. Thrived when developing HTML and CSS on the client-side of applications as well as working with databases like DBeaver and MongoDB.

## TECHNICAL SKILLS

**Technical Languages:** HTML5, CSS3, JavaScript ES6+, Markdown, Node.js, jQuery, Git, Express, MySQL, Sequelize, Handlebars.js, Bootstrap CSS, Tailwind CSS, React.js

**Applications:** VS Code, GitHub, Heroku, DBeaver, Insomnia, MongoDB Compass

**Additional Skills:** Agile development, team collaboration, object-oriented programming, MVC paradigm

## PROJECTS

**Beach Day** | <https://github.com/MariaYConstanza/beach-day> | <https://mariayconstanza.github.io/beach-day/>

- This was a Collaborative Interactive Front-End Project designed to provide surfing-related weather conditions depending on a user-inputted location.
- Core responsibilities in this project were heavily focused on developing the HTML/CSS for the front-end appearance of the project.
- Tools/Languages used: JavaScript, HTML, CSS, Markdown, Tailwind CSS, ArcGIS, NOAA

**Anime Tracker** | <https://github.com/Tab-Y/anime-tracker> | <https://anime-tracker-11-2022.herokuapp.com/>

- This was a Collaborative Interactive Full-Stack Project designed as a platform for discovering new anime and storing personalized anime preferences like an anime watchlist, currently watching list, and completed anime list.
- Core responsibilities were to design the different handlebars for the different views, ensure login/signup capability, and design and link the styling.
- Tools/Languages used: JavaScript, HTML5, CSS3, Handlebars.js, Sequelize, Node.js, Express.js, Heroku, MySQL

## WORK EXPERIENCE

**Server, Westgate Cocoa Beach Pier**  
Rockledge, Florida

June 2022 – Current

- Rotated shifts working at three different restaurants along the pier

- Practiced multi-tasking and time management skills to make sure the guests' experience is the best service that can be provided while also maintaining completion of the tasks and cleanliness of the dining room.
- Demonstrated great interpersonal communication skills to minimize conflict in situations with difficult guests.

**Server, *Autumn's Crab***

April 2022 – June 2022

Rockledge, Florida

- Served tables and assisted with take-out orders sometimes without a busser and/or host leading to taking care of all the demands of the restaurant.
- Practiced multi-tasking and time management skills to make sure the guests' experience is the best service that can be provided while also maintaining completion of the tasks and cleanliness of the dining room.
- Demonstrated great interpersonal communication skills to minimize conflict in situations with difficult guests.

**Server/Bartender, *Hard Rock Café***

August 2021 – March 2022

Denver, Colorado

- Greet and serve all customers in a timely manner, follow steps of service, and provide excellent guest care while working as a team in a high-volume dining setting.
- Led shifts as “rocker” position as the lead server role who typically opens and closes the restaurant and assists with training the new hires.
- Trained to free pour and bartend with two other bartenders on busy weekend shifts while maintaining good communication, a good attitude, and a calm composure during high-stress shifts.

**EDUCATION**

**Certificate Full Stack Web Development**

December 2022

University of Central Florida, Orlando, Florida

A 24-week intensive program focused on gaining technical programming skills in HTML, CSS, JavaScript, MVC paradigm, MongoDB, SQL Databases, Handlebars, React, and PWAs.

**Bachelor of Science in Psychology**

May 2022

Concentration: General Psychology

Colorado State University, Fort Collins, Colorado
